### YELLOW FEVER VACCINATION REQUIREMENTS FOR TRAVELLERS TO MALAWI

Malawi is not a yellow fever endemic country. In line with the world Health Organization (WHO) guidelines, the International Health Regulations (2005), the following are the yellow fever vaccinations requirements for travellers to Malawi.

A yellow fever vaccination certificate is required from travellers over 1 year of age arriving from countries with risk of yellow fever transmission (yellow fever endemic country).

Yellow fever vaccination certificate is not required for travellers arriving from non yellow fever endemic country except when such travellers have transited more than 12 hours at the airport of a yellow fever endemic country on their way to Malawi.
