Dear Dr Klaassen,

## Re: William Rutherford International Award 2019

We are writing in relation to the results of the nominations for the 2019 William Rutherford International Award.

We are delighted to inform you that the Global Emergency Medicine Committee were very impressed by your work and scored your nomination ahead of a field of very impressive submissions.

The award will be made to you at the Annual Scientific Conference in the autumn which this year is at The ASC in Gateshead on the 1st-3rd October. The award will be presented to you at the Awards Ceremony, the details of which we will be able to provide in due course.

In addition to this, the award consists of an invitation to you, as well as a collaborator (from a low- and/ or middle-income country or setting) who has benefited your work, to co-present this work at the conference.

Please can we ask you to choose your collaborator and present their details to the GEM committee for approval.

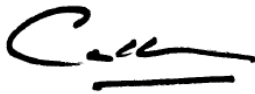

Both you and your collaborator will be provided with a budget from which conference registration, accommodation and travel costs to the UK can be reimbursed.

Congratulations on your award - and thank you for all the work you have done for the development of EM in Malawi. We look forward to hearing back your confirmation of acceptance.
